- Venue: originally LaBRI, University of Bordeaux, France

- We decided to switch to an online format at the original dates

- platform: Zoom (pro account with up to 1000 simultaneous participants)

- total cost: about 120€ for the Zoom account (initial budget: about 15000€)

- lots of testing beforehand (speakers, session chairs, etc)
Organizing committee

**report: registrations**

- Around 450 people registered (physical IWOCAs: <50 participants)
- Free but mandatory registration (total cost for us: about 120€ Zoom license)
- Advertisement via mailing-lists and “local publicity” (most successful!)
- First day: 65-110 simultaneous participants
450 participants from various countries:

India: 64
USA: 45
Greece: 44
Canada: 40
France: 37
UK: 31
Japan: 30
Germany: 26
Austria, Brazil, Iran, Israel, Italy: 10-12
Others: <10

Europe: \(\frac{211}{450} = 47\%\)
Asia: \(\frac{137}{450} = 30\%\)
Americas: \(\frac{100}{450} = 22\%\)
Africa: \(\frac{1}{450} = 0.2\%\)
Oceania: \(\frac{1}{450} = 0.2\%\)
- Zoom breakout rooms: nice feature, a handful of people used it (unfortunately: no breakout navigation possible)

- Discord: used moderately, but good to have it

- Only few questions asked after the talks

- Group screenshots

- Open problem: how to emulate social interaction?
Organizing committee

Many thanks to:

- speakers, session chairs, participants
- steering committee, program committee
- organizing committee: Marthe Bonamy, Arnaud Casteigts, Auriane Dantès, Florent Foucaud, Isabelle Garcia, Shih-Shun Kao, Ralf Klasing, Dimitri Lajou, Alessia Milani, Jonathan Narboni, Jason Schoeters
- our sponsors: LaBRI, CNRS, Sysnum, Bordeaux INP, ANR HOSIGRA, ANR ESTATE, Springer
